

Guest Wireless Internet Policy

Two Hours of Complimentary Wi-Fi Service with Any Purchase

We are pleased to provide you with fast, free Wi-Fi access whenever you visit your local Tynan store. Our Wi-Fi policy is intended to allow guests to check email, download files or surf the web while enjoying Tynan's delicious coffees, teas, pastries, soups, salads, sandwiches and desserts.

Because Tynan's internet service is available exclusively for our guests, access is password-protected. Our two-hour per purchase time limit helps to promote the availability of seating space for all guests.

How to Connect

A complimentary access code is required to access Tynan's wireless internet service. The code is valid for two hours (with any purchase) and can be obtained from one of our baristas at the register.

To get set up, just follow these simple steps:

1. Confirm that your wireless card is enabled
2. View available wireless networks and connect to "Tynan Coffee & Tea"
3. Launch your internet browser—a login portal will appear
4. Enter the access code provided with your Tynan purchase

Once logged on, you will have two hours of free internet access. You will not be prompted when your time is up, so please be sure to save your work at regular intervals.

Need more help? One of our baristas will be happy to get you started.
